### Chapter 1 by Ichigo

His long hair was catching and the determination on his face was daring. And when you looked at him, he looked as if he was saying, i dare you. But what was he daring you? Anything. He was daring you to walk over to him and say hello or walk over and kiss you and the scary part about it was that you wanted to...badly. So you never understood love, but things change and you fully knew it.

"Hey, you," The boy says. He was leaning against the wall, his icy blue eyes staring at you intently. You walk over to him and put your hands on your hip.

" Yeah?" You say. You silently scold yourself and he laughs.

" Look here, at my eyes and tell me you love me." He says.

" Um, yeah sure I do, but I'm not sure if..." You stammer.

He smiles or what you'd call a smile from a sincere person. It's the kind of smile that people hide and whenever they share it, it's like the sun has light the world. " Hey, whatever you want is cool with me." He says.

That was 2 years ago. This is now.

The gentle flapping of the wind rustles my hair. I look out over the view and sigh.

Winn comes out from his back door. "What's the view?" He asks.

" I've never seen one like this before." I say.

He smiles again. "Well, not really. It's just a view." He says.

"Winn, you think I'm being honest when I tell you I want to die?" I blurt out.

" Yeah, you want to do that?" He asks.

" Yes, I do....but are you okay with it?" I ask.

His face turns red with anger. " Of course! C'mon I have the perfect spot." He says.

" Okay, let's go."He says.

Half an hour later, we stand on the ledge of a cliff. " Here, my love, you can go." He says and hugs me. He pushes me and I scream.
